RE: October 2015 Statistical Analysis for SSA 51

SSA #51 Stakeholders,

With the holiday season quickly approaching, we all need to work together to be as safe as possible in the next couple months.

This means being more aware of your surroundings and having an open line of communication with officers in the SSA so we are able to proactively mitigate crime.

Please accept this correspondence as an official summary of SSA #51 patrol reporting. This document includes summaries of data reported, interpretations of the data, predictions of future activity within the SSA #51 boundaries and data from ClearMap reports.
